Have you heard about Foodbuy?
Wonder what we do and how we can bring cash back to your camp?

Here are a few frequently asked questions camps have about our program:

- 1. Do I buy food from Foodbuy?** No, our program is set up with your current distributor. We work with many distributors, like Sysco, Summit, Gordon Foodservice, Flanagan's, Weston's Fresh Direct and Natrel.
- 2. If I am already buying from one of your distributors, what do I need to do?** It is simple. You sign a few forms and we do all of the work. You continue buying as you have been and we collect your purchase data and invoice the suppliers for your rebates. All you need to do is deposit your monthly commission cheques from Foodbuy.
- 3. What happens if I am already working with another GPO or buying program?** We can show you the cost savings on our program. All we need is a score report or invoices from your distributor.

Here is what some of the camps on our program are saying about Foodbuy:

"Foodbuy has provided our camp with a tremendous annual financial benefit. We were also surprised and impressed by the number of times we took advantage of their advice and willingness to advocate on our behalf." - Sol Birenbaum
Co-Owner and Director of Camp Walden

"Foodbuy has been a great partnership for our camp. The rebates we received in 2015 would have paid for our CCI membership three times." - Tim Partridge Director of Countryside Camp and Conference Centre
